

APPLICATION FOR STREET EXCAVATION PERMIT

I, _____, hereby apply for a street excavation permit at the following point: _____

In consideration of the granting of the excavation permit this day applied for, the undersigned agreed:

1. To do the work as directed by the Water and Sewer Superintendent so as to occasion the least possible inconvenience to the public, and to provide for the passage of water along the gutters.
2. To leave at least one-half of the street clear for the passage of vehicles and to provide safe bridgeways on sidewalks for foot passengers.
3. To guard any open excavation with substantial railings constructed and placed so as to bar all entrance to the excavation, and at night to show the limits of the railings and excavation by red lights; and also to mark the limits of piles of material by such red lights.
4. To refill the excavations as soon as is reasonably possible, and replace pavings, sidewalks and all appurtenances in at least as good condition as before the excavations; in refilling to lie the earth in layers not over six inches deep, and to puddle each layer thoroughly. If, within one year after such refilling, the Water and Sewer Superintendent shall find any defects caused by improper excavation or improper refilling, to remedy such defects on reasonable notice. If the person doing the excavation work shall fail to remedy any defect found therein within a year after its completion upon notice from Water and Sewer Superintendent, the municipality may cause the work to be done at his expense.
5. To remove at once all rubbish and surplus earth.
6. To indemnify and hold the municipality harmless from all damage or claim arising out of the excavation work or accidents caused or claimed by the injured party to have been caused by the excavation or by the failure to do the work or to guard it properly.
